LUXANO 2 VARIO

Simply ingenious and versatile

The cost-efficient LUXANO 2 damp-proof luminaire impresses with its durability, in their segment comparatively high efficiency and versatility. With a single luminaire type, conventional versions ranging from 1 × 36 W to 2 × 58 W can be replaced – making it an economical and flexible solution that enables standardisation and simplifies stock management. High-speed installation? No problem with the fully pre-assembled FC version.

ADVANTAGES AT A GLANCE

- variable luminous flux adjustable on site tool-free
- top quality and with high luminous output
- FastFix quick mounting system
- variable cable entries, closed knock-outs on the short and long sides, and on the backside
- service life L80 > 100,000 h

Product details

FILOS VARIO

It couldn‘t be more universal

Variability that gives you flexibility – that‘s what makes FILOS VARIO stand out. With its variably adjustable luminous flux, it covers a wide range of applications, either with a lightweight glass fibre reinforced polyester housing (unpainted or painted) or with a die-cast aluminium housing. Always the right luminaire at hand!

ADVANTAGES AT A GLANCE

- variably adjustable luminous flux – simple, quick, tool-free
- easy to install: tool-free opening, detachable gear tray, integrated universal pole mounting system, multi-function cable entry
- high luminous output up to 185 lm/W
- high system service life L95 > 100.000 h
- ULOR = 0 %

Article no.	Type	Colour	Connected load [W]	Luminous flux [lm][1]	Luminous efficacy [lm/W]	Substitute for

Product details

TRIANO disc G4

There is no alternative to quality

Striking, distinctive design and the best SCHUCH quality „Made in Germany" – that's what the TRIANO disc G4 series of high-bay luminaires is all about. They are available in three sizes, offering the perfect solution for any hall and also scoring points for their ease of installation and short payback period.

ADVANTAGES AT A GLANCE

- long-lasting, corrosion-resistant die-cast aluminium housing with cooling fin structure
- high system service life L95 > 100,000 h
- high energy cost savings thanks to low connected load and high luminous output
- fast mounting and commissioning due to 1-point suspension
