MADE IN GERMANY

FILOS VARIO

Heads up!

It couldn‘t be simpler or more universal

FILOS VARIO – the clever outdoor light fitting

SCHUCH

FILOS VARIO: ECONOMICAL AND CUSTOMISABLE

Variability that gives you flexibility. FILOS VARIO with its variably adjustable luminous flux covers a wide range of applications, that usually requires several different types of light fittings. And the clever bit: This variability remains unchanged over the entire lifetime.

ARGUMENTS THAT CONVINCE

- 2 types – variable luminous flux from around 1,300 lm to 10,850 lm
- Tool-free adjustment of luminous flux using integrated DIP switch or smartphone app (NFC), can be changed at any time
- Universal pole mounting system for standard pole diameters or brackets, Can be folded down without tools (side entry mounting / post top mounting)
- Extremely long service life (L95 > 100,000 h), high luminous output → potential for electricity cost savings
- Tool-free component replacement
- No direct light emission into the night sky (ULOR = 0%)

ALUMINIUM OR POLYESTER HOUSING: THE CHOICE IS YOURS

DIE-CAST ALUMINIUM

ADVANTAGES

Attractive price

Durable due to high corrosion resistance

POLYESTER HOUSING

ADVANTAGES

Low weight

Unbeatable price / performance ratio

Painting in DB 702 possible

LED | 10 | VDE | IP66 | Wind load area A = 0.06 m²

Series	Version	Connected load [W]	Luminous flux [lm]	Luminous efficacy [lm/W]
FILOS VARIO	L50	9 – 33	1,300 – 5,500	up to 182
	L100	15 – 67	2,600 – 10,850	up to 182

All values rounded, subject to further technical developments.
